

Karibib Town Council

Vision: A Transforming town at the entry point of the mighty Erongo Region to attract multinational investment towards sustainable development

Mission: To deliver equitable, effective and efficient Municipal services to our residents and visitors to enable prosperity for all

2023 EVENTS CALENDER:

- 1) Karibib Open Market & Farmers Day: **2-3 June 2023, Opposite OK Food 09H00-16H00**
- 2) National Disability Day: **9 June 2023 @ 9am Usab Community Hall**

CEO UPDATE:

The residents are herewith informed that the budgetary process for FY2023/24 is in full swing. After the Council completed Community consultation meeting. The Council will thereafter engage with Erongo Regional Council. Following this the draft budget will then be forwarded to the Minister of Urban & Rural Development for final approval and implementation.

TOWN UPDATE:

As we finish up month 5 of 2023 and move into winter, Karibib Town Council continues to work hard to better our beautiful town. The past months we have been busy finishing up our road construction. 97% of the construction is complete, and we anticipate completion by the end of June.

A Budget Consultation Meeting with the community of Karibib was presented on Monday the 15th of May, where we discussed the budget for the Financial Year 2023/24 beginning 1st July. In next Financial Year the Council plans to implement several new capital projects among others; Construction of services (Harambe water, UIS sewerage); electrification of informal settlement; construction of an SME incubation information center; a new landfill site, construction of playgrounds; procurement of a TLB, upgrading of infrastructure and street vendor structure.

Through our partnership with Development Workshop Namibia (DWN) on the 5th of May 2023 a community meeting in Harambee was held with hopes to end open defecation, educating the community on diseases associated with open defecation. On the same day, the youth joined in the clean-up campaign for Harambee Informal settlement.

Karibib's Urban Agriculture Projects (Extension 5), has been in effect for about 2 years. The top highlights of a few successful farmers that have done a fantastic job at utilizing their land. The KayTjiUndj Trading has started construction of a temporary green house in order to grow their own seedlings. The Rutz family has had a very successful growing season and is currently growing tomatoes, spinach and pumpkins. Mr. Naresh has built a very impressive greenhouse structure and has started to sell his produce. The Dwinger family have just planted their winter crops and will start to grow feed soon. Looking forward to more farmers being productive.

The Ministry of Health and Social Services Office of the Social Worker (Usakos District) and Karibib Town Council invites you to join us to commemorate
